SALEM NEW HAMPSHIRE

ANNUAL REPORT 1971

University of New Hampshire
Library

Selectmen: (l. to r.) Bert Ford, Michael J. Carney, Chairman Laurence Belair, Bessie Morrison and Richard I. Barron.

Fellow Townsmen,

The 1972 Town Report which you are now reading is markedly different from past reports in a number of areas. These include larger page size, increased use of graphics, and reports from many town departments, committees and sub-committees.

These, and many other changes have been brought about by the Selectmen's Town Report Study Committee and its successor, the Town Report Advisory Committee.

As in any venture, all of the objectives of this committee could not be met in the first year. Still more changes and improvements are planned for next year, with the ultimate objective of a clear, concise picture of the operation of all aspects of municipal government.

The Board extends its appreciation to the Advisory Committee for its many hours of effort, and looks forward to their continuing cooperation.

Laurence N. Belair
Chairman, Board of Selectmen

TOWN MANAGER'S REPORT

The year 1971 saw many changes come to Salem in both people and things. Fred Staples, who had served the rapidly growing Town well for nine years, departed just prior to year's end to conquer new worlds in Groton, Connecticut. It was my pleasure to be asked to come to Salem, arriving in time for Town Meeting 1971. As most of you know, events in the last few years have sometimes happened so quickly and so overwhelmingly, that it is difficult to keep up with the changes. This past year has not been noted for an appreciable reduction in the changes to our community profile.

As the fastest growing area of the rapidly growing Rockingham County, our population exceeded 23,500 by July 1, at best estimate, and continues to grow. This single factor of people and more people conditions what we can do and must do now and in the future for Salem. In a continuing effort to broaden the

tax-base, and provide a more diversified community, we were successful in bringing additional commerce to Town this past year. These new enterprises provide not only a broadened tax-base, but as importantly, sources of employment for our citizens. Salem is primarily an exporter of labor to other areas, but this is gradually changing as more businesses and industry move to Salem. This is important as every dollar of payroll is spent at least three times and becomes a big part of the economy of a community.

The 1971 Town Meeting took some steps which will be of long range benefit to Salem. Putting motion to our concern for our elderly and the increasing burdens many of them feel, a Housing Authority was established to secure 75 units of a housing in Salem in conjunction with Federal funds. The Town voted to participate with the State in a Comprehensive Traffic Survey to outline the problems and solutions to the myriad traffic problems experienced due to our being a commercial and recreation center for all of southeastern New Hampshire. Affirmative action was also taken to continue improvements and expansions of our municipal water and sewer services, by voting funds to sewer additional areas and build a new 1.5 million gallon water reservoir.

As we move into 1972, hopefully Salem is approaching at least a year of breath-catching before our next giant strides forward, be they by design or by necessity. A long-range Special Study Committee has been established to assist in developing a five-year expandable plan for our water and sewer systems. We must seek additional sources of quality water to meet our increasing demand and hopefully we can start on this project in 1972. As our population continues to increase, sanitation problems likewise are increasing and it is imperative that we pursue equitable and economical solutions to these problems. The efforts to abate pollution in whatever form must be pursued, priorities determined and dollars allocated: for solid waste, septic waste, sewerage, water pollution, air pollution, etc.

To meet the ever-changing needs of the Town, every effort is being made to identify our needs, cooperate with other groups and organizations, provide the organization and man-power to satisfy the needs and to, hopefully, provide a continuing high level of service to the community with a sharp eye on the overall economics of operating the Town government.

An aware and interested Board of Selectmen and a dedicated group of Town employees will continue to examine, question, and serve. I personally am pleased to be a part of such a group and would like to thank all for their attitude of cooperation in making Salem a better place to be.

Respectfully Submitted,

William L. Kelly

PUBLIC SERVICE — The Rev. Abner Bayley, Salem's first minister, set a record of public service which would be hard to improve upon. The minister in those days was an elected public official, and the Rev. Mr. Bayley was called here by formal vote Nov. 13, 1739, even before there was an incorporated town. The warrant for Salem's second actual Town Meeting in 1751 carried an article calling upon voters to see what terms could be made with "the Reverend Mr. Bayley to settel amongst us." The slate stone, picture above, stands near the east wall of the old cemetery at Salem Center. It carries this inscription.

"To perpetuate
the memory of the
Rev. Abner Bayley
who like a shock of corn
fully ripe departed this
life March 10th A.D. 1798
in the 87th year of his age
and 68th of his ministry."

PRESENT

The Juvenile Bureau has been in full operation for the year of 1971.

The major goal of the Juvenile Bureau is that of the prevention of delinquency. During 1971 the Bureau was involved in investigation and disposition of cases of delinquency, predelinquency, and delinquency control, and disposition of cases as the court directed.

The bureau has expanded its communication with existing social agencies and other facilities for social adjustment as well as community resources in order that the citizens of Salem may realize the benefits therefrom.

The Juvenile Bureau has been participating in programs to prevent delinquency by involvement in school group discussions covering juvenile law.

The Bureau, during 1971, has delivered speeches and participated in panel discussions, as well as being a resource agency.

The bureau wishes to thank Police Chief Everett B. Dowe, the Juvenile Court, Rockingham County Probation Department, the Salem Boy's Club and all other town, county, state, and federal agencies as well as the citizens of the town of Salem for the support and cooperation received. The encouraging picture of delinquency in Salem in 1971, considering the nationwide trend towards an

increasing crime rate, is due to our combined efforts to reduce delinquency.

TRAFFIC CONTROL AND HIGHWAY SAFETY

The traffic survey should be completed this year and this report will substantiate the need for resurfacing all of the main highways in the compact area, the proposed modernization of our street lights, an expanded program for adequate sidewalks and whatever improvements suggested by the survey.

EDUCATION AND TRAINING

All of our officers were required to attend a small arms training program, conducted by a training officer from the F.B.I.

Several members are continuing advance courses in criminal justice and related subjects at St. Anselm's College for the purpose of obtaining an associates degree.

Three Lieutenants and three Sergeants have been enrolled at Babson Institute to attend the (Command Training Institute) all of which is to improve the efficiency of the department.

TAX COLLECTOR

PAST ACHIEVEMENTS

In 1961 the warrant committed was \$1,217,570.19. In 1971 the warrants totaled \$5,877,373.02, or nearly a 500% increase. This was the fourth largest warrant committed to a collector in the state.

During these years Salem experienced an increase in the head and poll tax warrants, from 4963 persons assessed in 1961 to 10,200 in 1971. In 1967 the tax collector's office was given the responsibility of collecting the sewer rental fees. These warrants have taken an even faster jump, from \$12,924.35 in 1967 to \$61,044.72 in 1971. At the present time we are discussing the possibility of having this office collect the water bills.

Unfortunately the staff, and facilities, of the tax collector's office haven't increased with the growth of the town. For ten years the office has had one full time clerk, who is also the deputy, with part time help each fall; in November of 1970 another full time clerk was obtained.

PRESENT

The biggest problem in the past has been in collecting the personal property taxes, and it is felt these taxes will continue to be unless we take advantage of the remedies available to us under the present laws. With the present work load it is impossible to give these accounts the attention they need.

The problems facing the office now include trying to keep up with the added accounts. Each year attempts have made to offset this added work with changes in bookkeeping and billing procedures. Tax billing has been put on computer; a validating machine, a desk calculator, micro-film viewer and filing cabinets have been added.

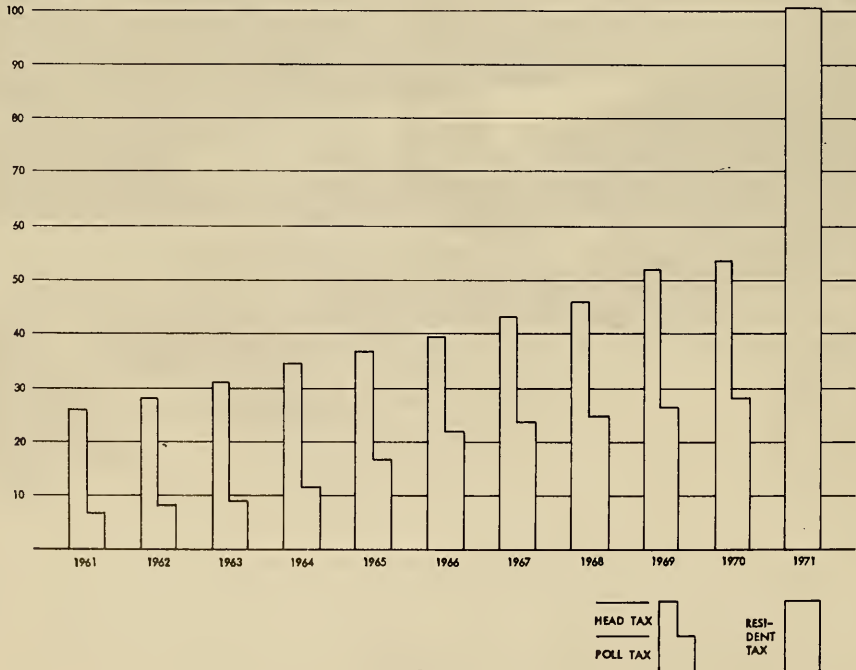

Through the efforts of the Rockingham County Tax Collectors Association, and with the assistance of Mrs. Edith E. Holland, Register of Deeds, the towns in this county now get all copies of deeds and mortgages recorded at no expense to the town. This saves the towns money, and records are now more accurate.

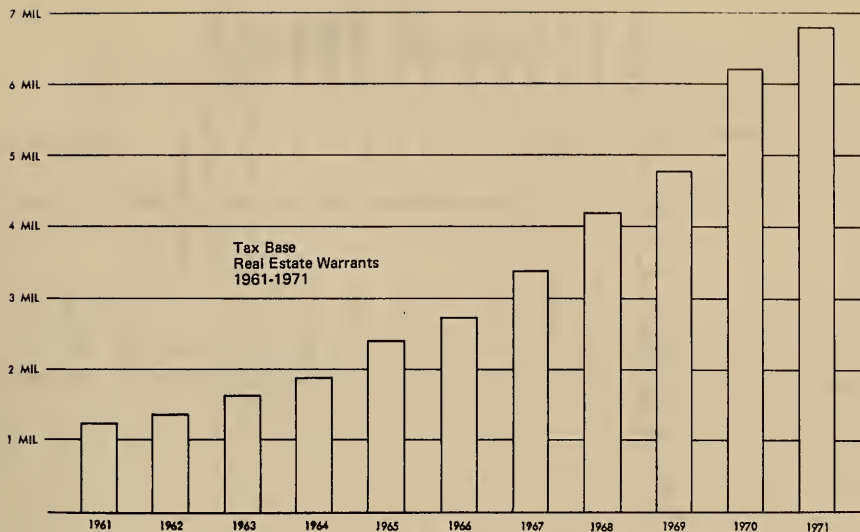

FUTURE

In the near future a bigger validating machine and a better method of billing the resident taxes and sewer rental fees will be needed. At the present time the resident taxes are not being properly handled and they create extra work for the office, and a loss of revenue for the town. If these accounts were put on a computer program, properly taken care of, would save money.

Respectfully submitted,

John H. Lamprey
Tax Collector

INDUSTRIAL CONSULTANT

PRESENT

Despite the general economic slow-down prevailing throughout the country and New England especially, New Hampshire experienced a significant industrial and commercial expansion.

Salem acquired a goodly share of this new industry and commerce, and this activity has attracted even more business to inquire about locating in Salem.

During March, K Mart started its 119,000 sq. ft. shopping center and by April, 1972, it will be ready to hire Salem residents to work.

The Hunneman Co., completed all negotiations for the 46 acres at the corner of Route 28 and Rockingham Boulevard and 25 acres are now being prepared for their 200,000 sq. ft. Rockingham Mall. The remaining land will be developed in the future.

Buy-Rite Corporation increased their business and added an additional 20,000 sq. ft. This makes them the largest food distributors under one roof, in New England.

It was with regret that we saw the Canobie Shoe Co. close its doors. Its 23,000 sq. ft. of bright, clean space had some of the most modern equipment and its plant layout was one of the most efficient in New England. The section vacated was soon taken by a manufacturer and packager of medicinal products.

Keewaydin Shores decision to extend sewerage to the four quadrants of their industrial park at the junction of Rt. 93 and 97 sparked great interest in their land. Within a matter of months, negotiations were completed and M.F.E., an electronics plant from Wilmington, Mass. was building a 30,000 sq. ft. building; investors purchased a site for a Holiday Inn and a bakery equipment manufacturer from New York, Universal Machinery Corporation, bought land

in the S.W. quadrant. The last two plan to start building in the spring.

FUTURE

At this time particular attention should be paid to sources of leads for new business. The regular sources are: friends in the business, regular contacts with large developers and industrial brokers, and going after businesses that would be good for Salem. One of the best sources, however, has been the people of Salem. Time and again our Selectmen and Town Manager have provided names to follow up. Local salesmen keep their ears open and call with leads. The Universal Machine Corporation is here because its regional sales manager moved to town, decided that this was a good locality for a New England plant and contacted us.

A special thanks goes to the New Hampshire State Office of Industrial Development, whose staff of professional industrial consultants range Canada, New England, New York and points west to bring industrialists to New Hampshire, so that we can jointly sell them. They worked closely with the M.F.E. and Universal Machine Corporation.

Once an area starts building up, it attracts more and more industrial inquiries — and that is now happening in Salem. 'Cultivation' time spent with prospects is now bearing fruit. We anticipate that next year we'll have an even more progressive report to present.

Respectfully Presented,

John L. Farrell

The continued cooperation of the school department teachers and nursing staff in reporting these communicable diseases accounts for the majority of this report and is greatly appreciated.

During the past year there were water samples taken to the New Hampshire Water Supply and Pollution Control Laboratory for analysis. Included were:

66 samples from the public water system

53 samples from private wells

38 samples from all swimming areas

32 samples from the sewage treatment plant

30 samples from drainage ditches

12 milk samples for plate count.

There were approximately 1460 complaints registered with this office, at an average of 4 per day, varying from septic tanks overflowing, low water in swimming areas, dry water wells, garbage and trash accumulation, food services quality, dog bites and dead animals to mistreatment of children.

Problems of this type can only be overcome by the cooperation of each every individual doing their part to enhance the environment of this community.

Please try.

LANDFILL OPERATION

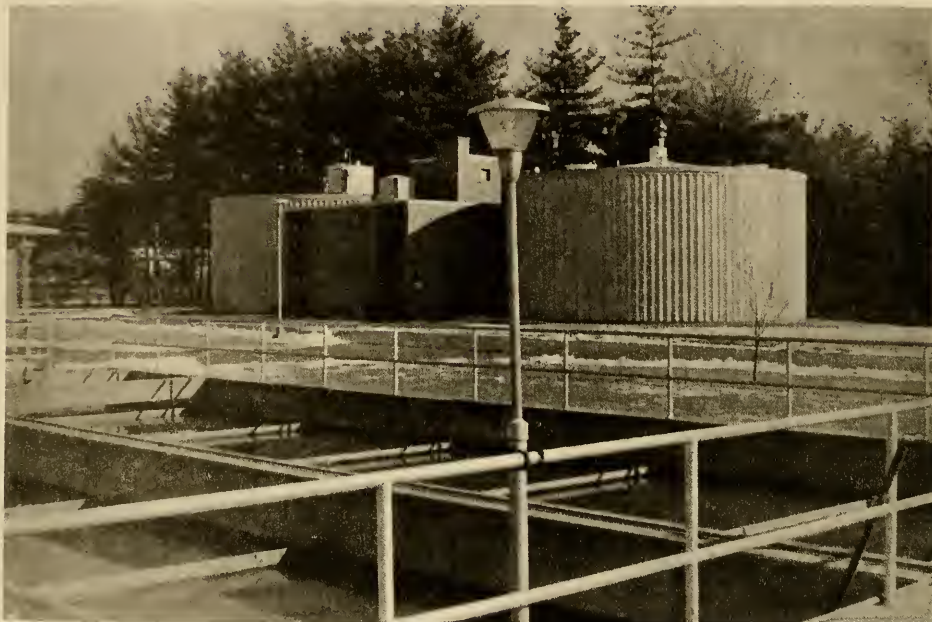

The average estimated disposal of garbage and refuse at the sanitary landfill site is 547 cubic yards per day. By use of the present compactor this material has been placed in an area of 800X100X15 feet deep during the past year. In addition the large discarded household appliances, tires and lumber have been separated to other areas for future recycling or use as this becomes reality, this also adds to the volume required to dispose of at this site, due to recent

changes in the public dump laws.

It is anticipated that due to new construction, new shopping centers and the ban on incinerators not meeting air pollution requirements, our intake in to the disposal area during the next year will be increased by 10-12%.

PROGRAMS AND COMMISSIONS

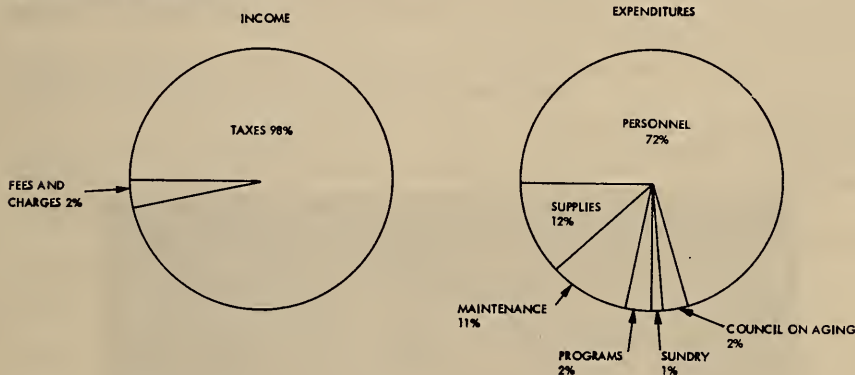

RECREATION DEPT.

FACTS AND FIGURES

This past year the Recreation Department offered a variety of programs with a total of 53 different programs being offered.

Total attendance for 1971 was 65,626 a growth of 13,499 over 1970. Attendance was distributed as follows: Youth — 48,637; Adults — 14,161; Senior Citizens — 2,875.

Graph on income and expenditures:

Present Problems/Solutions

The year 1971 was one of change and growth for the Recreation Department. I assumed my duties on January 5, 1971 and found that there was an excellent organization and program in operation. My first few weeks on the job were spent meeting people, hearing their ideas on programs, attending meetings, and generally familiarizing myself with the town, its people, and its recreation facilities and programs. I was impressed with the Town and its people and their awareness of a need for a well organized recreation program to service the needs of a growing community.

One of my first projects was to explore ways of expanding programs without adding appreciably to the tax dollar. To this end I have developed the following philosophy in regards to recreation programs: the tax dollar should be used for administrative purposes (ie, administration salaries, supplies, building maintenance, etc.) program supplies, program facilities (ie, gyms, fields, etc.) and mass activity programs (playgrounds). Special interest programs should pay a fee that would cover the cost of leadership, and materials. Some special programs fees would cover all expenses and some would cover partial expenses depending on the nature of the program.

Recreation for a town the size of Salem should be all inclusive; with programs for all ages and with programs that will meet many needs from athletic to social.

The Town Beach at Millville Lake had quite a bit of work done on it while the water was down. The beach was leveled with gravel spread where needed and 128 cubic yards of sand spread. Swimming at the beach this summer should be quite enjoyable.

Improvements

Some new programs or innovations this year were:

The Recreation Headquarters (Old Fire Station) has doubled as Senior Citizens Center Monday thru Friday from 10:00 a.m. to 3:00 p.m. The Recreation Department has co-operated with the Rockingham Community Action Program to expand programs for Senior Citizens. One of the biggest that developed was the assignment of Mrs. Barbara Bender as the Senior Citizens Director and Mrs. Bertha Sebrowski as an aide. The first annual Elementary School Field Day was held with a total participation of 900 youngsters and 600 spectators.

In the area of fee programs we had good success. The following programs were started and all were filled, Womens Slimnastics with 62 participants. Children's gymnastics classes, baton classes for girls, guitar classes for youth and adults and a youth painting class. All of these programs were selfsupporting with \$400.00 being turned in to the town as a result of these programs.

One of the most satisfying accomplishments was the establishment of the Youth Hockey Association which has 125 children registered (ages 8-15) with eight (8) adults actively participating. It is hoped that this program will grow to include every boy in Salem who wishes to participate in an organized Ice Hockey Program.

I wish to take this opportunity to thank everyone who has helped me this past year. The people are too numerous to name, but any success we had this past year was the result of a coordinated effort and not that of one person.

Sincerely,

Arthur D. Corbett
Director of Recreation

GROUP LIVING PROGRAM

The Group Living Program was established with Town Meeting Approval in 1971, to provide intensive short term housing for youth who are unable to function in their environment or society in a positive manner. A stay in the Group Living Home allows for a period of adjustment and professional counseling without removing the youth from his hometown environment.

Funded primarily by a \$27,115 grant from the Governor's Crime Commission, a committee of responsible citizens representing the churches, service clubs and social agencies of the community were appointed to serve as directors by the Board of Selectmen. In addition, professionals in the community volunteered their services. The group organized into functional committees and between Town Meeting and August made the Group Living Program a functioning community service.

The Directors selected the former Bohne residence, 75 School Street, as the Group Living Home. Intensive efforts on the part of the directors and the generous support by the town citizens, turned the house into a charming and livable home for up to seven teenagers and house parents.

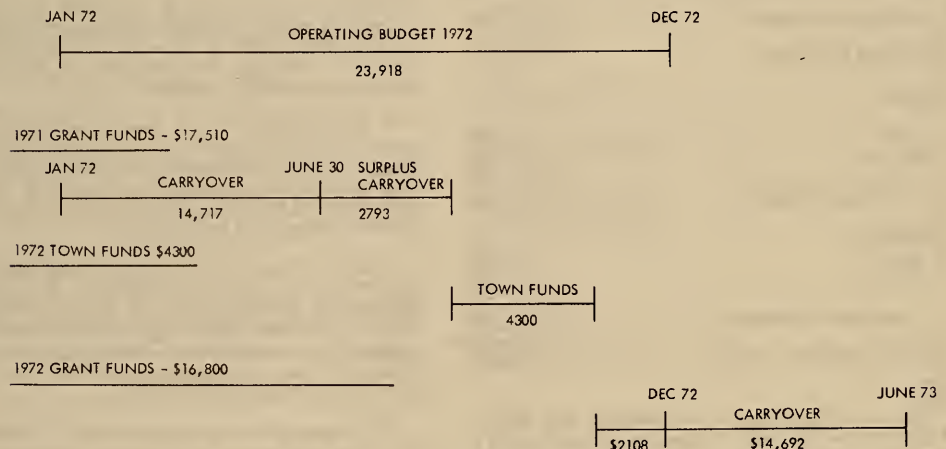

In September, Donald and Terry Jutton, a young couple with experience in similar projects, were hired to operate the home. They quickly caught the spirit of the program and became part of the team of public and private social agencies that are seeking to assist Salem's young people.

In retrospect, the directors would have liked to see the program functioning at an earlier date, but through the middle of January seven boys have stayed, or are now living at the home. In addition, thirty-one other teenagers were assisted by the program without assuming residence. The youngsters, 13 to 18 years of age, stay at the home for approximately two months, while professional advisors work to improve their home situation. To date, several encouraging reconciliations have resulted from these services.

At the present time the Group Living Program is enjoying the full confidence of Salem courts, police and social agencies. The Directors feel it is rapidly moving to full realization of its potential.

Past

We would like to extend our thanks to Miss Mary L. Pappas for her five years of loyal and dedicated service as director of Kelley Library.

PRESENT

As the Kelley Library moves into its sixth year as the "New Public Library" of Salem, it is with pleasure that I point to a tremendous growth in all phases of its development. 1,275 new borrowers have been added, together with 497 non-resident borrowers. The circulation for 1971 totals nearly eighty thousand.

As we go into the new year we are most fortunate to be able to welcome into our community Mr. Edward Vernon Reed Jr. as the new director of Kelley Library and Miss Shirley Keefe as assistant director.

In regard to the library personnel, the director has had over six years of public library experience and both he and the assistant director have graduate degrees in Library Science. Other staff members are currently taking courses in Library Science at the University of New Hampshire.

We wish to thank the many contributors to the library for their continuing generosity through memorial funds and books.

TO THE BOARD OF LIBRARY TRUSTEES

Present

In this, my first report to the trustees I find myself responsible for the year 1971. Since my predecessor, Miss Mary L. Pappas did not leave until October, and I only arrived in December, the report will be brief and the statistics will speak for themselves.

It is appropriate here to mention significant changes within the library staff. Mrs. Loretta Kandres, assistant librarian, retired in December, a victim of the baby "bug." The position was ably filled by Miss Shirley Keefe, a graduate of the University of Oklahoma Graduate School of Library Science, and a native of Salem.

Attention should be drawn to continuing activities and services available to the community at large. First and foremost as statistics show, the library's collection of books, periodicals, records and microfilm continues to expand. The reference collection has also been increased to meet the heavy demands placed upon it by the informational needs of school children.

The Lancaster Room continues to serve as a meeting area for clubs, civic groups and non-profit organizations. In addition, an annual forthcoming directory will provide

basic data as to titles, addresses, officers, statement of purpose, and resources which might be shared and made available to all. A 16 MM film projector is also available to the same groups.

The A.B. Dick copier continues to be popular with students and business men, making available multiple copies of any printed material for a small fee.

The record collection continues to grow, with many new users both at the library and at home.

The pre-school story hour has become so popular that its frequency will have to be increased.

FUTURE

Techniques change continuously while basic goals remain fairly constant. Thus a projection for future library service is preferable in terms of aims rather than procedures. Such a program includes these objectives for the Kelley Library:

(1) Meaningful contact between the Library and every resident having present or potential: need of its resources, with an increased emphasis on community affairs.

(2) Planned outreach to bring services into the community by further extension beyond the Library, with special emphasis on reaching the aged, institutionalized,

home-bound and handicapped.

(3) Continuous development of the book collection and the introduction of a related multi-media collection, utilizing records, tapes and circulating collection of prints and original works of art.

(4) Maximum utilization of all library resources in Salem: public, school and specialized, stressing supplementation and avoiding unnecessary duplication.

(5) Broadened participation in regional public library programs, as recipient and as supplier of services, to improve library opportunity for every resident, both locally and regionally.

(6) Total utilization of the present library building to meet present requirements and future needs.

Finally, as your new librarian, I am pleased to be associated with an excellent staff and a progressive Board in their endeavors to provide Salem with both innovative programs and consistently high quality of general library services.

SALEM DISTRICT NURSING ASSOCIATION

FACTS AND FIGURES

One full time nurse and one part time nurse are on the staff of the association. A physical therapist is available when needed. The duty hours are 8:00 a.m. to 5:00 p.m., Monday through Friday. The office is on the lower level of the Municipal Building, and the nurses can be reached there 8:00 to 9:00 a.m. and 1:00 to 2:00 p.m. daily. The telephone number is 898-4737.

The nursing services are available to all townspeople, but must be performed with the written permission of a physician.

Between 30 and 40 home visits are made each week. They consist of: visits to newborn infants; visits to crippled children to assist with exercises, or to follow up clinic appointments; visits to the aged for general health care; visits to administer hypodermic injections; and visits for continual care after a hospital stay.

Visits to all T.B. patients and T.B. contacts have been taken over from the state nurses and equipment for skin testing of T.B. contacts is available and arrangements can be made by calling the District Nursing office.

A nominal fee for services is charged to those able to pay, but care is not refused to anyone unable to pay. The nurses can adjust fees for anyone who can make only partial payment.

PRESENT

A total of 1819 nursing visits were made during 1971. A breakdown of categories and age groups follows:

HISTORIC DISTRICT COMMISSION

A fund has been established with the \$1000 that was appropriated at the 1971 March Town Meeting for the purchase and maintaining of historical sites.

The commission wishes to thank Mrs. Evelyn Ebert, whose term expired in 1971, for her devoted service over the last five years. Thanks also go to the Boy Scouts who cleaned up the area along the Spicket River from the Old Hose House to the Old Town Hall. It is hoped that the historical value of this area can be preserved.

The commission in conjunction with the Salem Garden

Club has had a post-graduate landscaping student make a design for beautifying the area in front of the Old Town Hall. Plans call for the appropriation of \$1000 at the 1972 March Town Meeting to implement the design. Also included in the commission's future plans, as funds become available, is the restoration of the Old Town Hall, the Old Hose House, and the Old Library.

SALEM HOUSING AUTHORITY

At the March, 1971 Town Meeting the citizens of Salem voted to create a Housing Authority, and to have the authority proceed with plans for housing for the elderly.

Subsequently the Board of Selectmen appointed George Gelt, Walter Stickney Jr., Betty McLean, Harold Telfer and William Skully to the Salem Housing Authority. The SHA held its first meeting on April 8, 1971, and elected officers. Atty Robert Oslie was retained as legal counsel for the Authority.

Necessary legal papers and documents were later filed with the Federal Department of Housing and Urban Development, establishing the SHA as a proper agency to participate in various federal programs.

A number of meetings were held with HWD officials, director's of the Exeter and Nashua housing authorities, and inspection of the Nashua Housing for the Elderly

facility was made.

Following a question and answer session with Salem's Golden Age group and a review of possible sites for a Housing for the Elderly project, the SHA selected a site on Millville Street as the suitable location for an elderly housing site.

The Board of Selectmen have agreed to sell the land to the Housing Authority provided the citizens of the community voted the necessary zoning changes. This question will be voted on by the towns people at the March 7, 1972 election.

The Salem Housing Authority currently has temporary office space in the Municipal Building. Meetings of the authority are held the first Tuesday of each month, and are open to the public.

REGIONAL PLANNING

REPORT OF THE SOUTHERN ROCKINGHAM PLANNING DISTRICT COMMISSION TO THE REGIONAL TOWN OF SALEM.

The Region is composed of nine towns, of which the towns of Atkinson, Hampstead, Plaistow, Salem and Windham are active voting members. This active commission membership amounts to 83.4 per cent of the Region's population as a whole. During 1971, a representative from the Town of Kingston attended monthly Region meetings on a regular basis.

During the year, the Commission completed and adopted as a guide a 66 page work-program consisting of existing land use, existing zoning, initial housing element and overall program design for regional activities for the next three years. The eleven town representatives to the Regional Commission have worked jointly with all member communities and state officials in an effort to establish the priority needs of the Region.

The Region has proven its effectiveness by meeting on time the U.S. Department of Housing and Urban Development certification deadline of October 31, 1971 for completion of water and sewer studies. The Region is certified for water and sewer grants and member communities are now eligible to receive financial assistance to implement their water and sewer plans.

In May 1971, the Region formed an environmental subcommittee and charged it with the responsibility of investigating on a regional basis all environmental problems

whether present or potential. This subcommittee comprises representatives from all of the member towns and has been meeting on a regular basis. The main problem being reviewed by the sub-committee is disposal of septic tank sludge within the Region. The sub-committee has contacted state and federal officials during its review, performed an analysis as to the extent of the present and future septic tank sludge problem, estimated the quantity of sludge which can be safely disposed of over the next twenty years, as well as the various methods of disposal. The sub-committee's review is still underway and a report including recommendations is expected during 1972.

During the 1972, the Commission will actively seek citizen participation in its activities, review housing codes, undertake a regional transportation study and complete its open space study so that member communities will be certified to file for federal open space grants.

The 1972 budget of the Region includes funds for the hiring of a full-time planner (a federal requirement). In 1971, the Region lost \$13,000 in federal funds because it did not have a full-time planner. With the hiring of full-time planner some time in 1972 federal funds are anticipated.

The Town of Salem's share of regional expenditures was \$12503 of the \$16800 appropriated at last year's town meeting. Salem's share of this year's regional budget amounts to \$15,108.

There is little doubt, that the Regional Commission has been effective in bringing the communities of this region closer together and has opened up avenues of communication vital to town planning.

FINE ARTS COUNCIL

The Salem Council on the Fine Arts, created five years ago by vote of the Town Meeting, has established a goal of bringing varied and stimulating cultural programs to the Community.

One purpose set forth in the by-laws states that the Council is to bring together individuals and organizations interested in the cultural development of the town. During the past year the council has taken a big step forward on this level. Membership has doubled, with representatives from many town organizations joining the council and several interested citizens attending meetings. Local Art and Garden groups have been invited to have displays at Council affairs, and these have been received enthusiastically.

The council has in the past worked with The New Hampshire Commission on The Arts and The National Endowment For The Arts on suggested programs, and matching funds have been available. However, indications are that the council will have to work independently more and more in the months to come.

A brief review of the past year's events shows that the most successful venture was the Children's Movie Program which is now in its third year. The children also were thrilled by the presentation of the play "Cinderella." A jazz

Concert performed by two members of the Dartmouth College faculty was enjoyed by the small number in attendance. An historical lecture on our New England Seacoast given by Edward Rowe Snow highlighted the fall season.

Council members feel that there is a definite need within the Community for it to continue its work. The services of the Council are available to any organization or group to help coordinate and development their Fine Arts Programs. The Council would like to see interested citizens join them at monthly meetings and encourage representation from community organizations. The Council meets the first Monday of each month at 7:30 p.m. in the Library at Woodbury Jr. High. Council officers for 1971 were: Chairman: Mrs. Nancy Carney; V. Chairman: Mrs. Pauline Johnson; Secretary: Mrs. Elvira Schuttz; Treasurer: Mr. Everett Johnson; Past Chairman: Mr. Walter Craig.

The Council was created to serve the community, and this the Council wishes to do.

REPORT OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION

February 7, 1972

Board of Selectmen
Salem, New Hampshire

Subject: Audit Report, Fiscal Year 1970

The subject report of audit and examination of the Town accounts in 1970 has now been received from the Tax Commission and reviewed. Several items have been corrected, procedural matters will be reviewed and, if necessary, revised following a forthcoming meeting with representatives of the Tax Commission. In particular, the accounts of the Water Department are being reviewed, procedures are being modified and special attention is being directed to reducing the list of delinquent accounts.

We are hopeful that several areas of previous concern will be corrected in 1972.

William L. Kelly
Town Manager

REPORT OF MUNICIPAL ACCOUNTING DIVISION — STATE TAX COMMISSION

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Salem, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Salem for the fiscal year ended December 31, 1970. The examination was made by this Division in accordance with the vote of the Town.

One of the enclosed audits must be given to the Town Clerk to be retained as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Town Treasurer, Tax Collector, Town Clerk, Water and Sewer Departments, District Court, Kelley Library and Trustees of Trust Funds.

FINANCIAL STATEMENTS

GENERAL FUND:

COMPARATIVE BALANCE SHEETS — DECEMBER 31, 1969 AND DECEMBER 31, 1970: (Exhibit A-1)

Comparative Balance Sheets — General Fund — as of December 31, 1969 and December 31, 1970 are presented in Exhibit A-1. As indicated therein, the Net Debt of the Town increased by \$324,556.00 in 1970, from \$3,721,721.09 to \$4,046,277.09.

ANALYSIS OF CHANGE IN FINANCIAL CONDITION: (Exhibit A-2)

An analysis of the change in financial condition — general fund — of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

These were as follows:

INCREASES IN NET DEBT:

Sewer Bonds Issued During Year	\$650,000.00
Tax Liens Transferred to Tax Deeds	2,089.94
Tax Collector's Excess Debits (Net)	<u>906.63</u>
	\$652,996.57

DECREASES IN NET DEBT:

Net Budget Surplus	\$82,599.42
General Fund Bonds Paid During the Year	135,000.00
Water Bonds Paid During the Year	60,000.00
Long Term Notes Paid During the Year	50,833.34
Accounts Payable Adjustments	<u>7.81</u>
	\$328,440.57

NET INCREASE IN NET DEBT	<u>\$324,556.00</u>
--------------------------	---------------------

COMPARATIVE STATEMENTS OF APPROPRIATIONS AND EXPENDITURES — ESTIMATED AND ACTUAL REVENUES: (Exhibits A-3 and A-4)

Comparative statements of general fund appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1970, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net unexpended balance of appropriations of \$38,818.44 plus a revenue surplus of \$43,780.98 resulted in a net budget surplus of \$82,599.42.

CAPITAL PROJECTS FUNDS:

COMPARATIVE BALANCE SHEETS — DECEMBER 31, 1969 AND DECEMBER 31, 1970: (Exhibit A-5)

Comparative Balance Sheets — Capital Projects Funds — as of December 31, 1969 and December 31, 1970, are included in Exhibit A-5. At December 31, 1970, unexpended capital projects funds amounted to \$115,711.92.

WATER DEPARTMENT:

COMPARATIVE BALANCE SHEETS — AS OF DECEMBER 31, 1969 AND DECEMBER 31, 1970: (Exhibit A-6)

Comparative Balance Sheets of the Water Department as of December 31, 1969 and December 31, 1970, are presented in Exhibit A-6.

It should be noted that the value of the water department's fixed assets is not reflected in this Exhibit, because property, plant and equipment records have not been maintained or updated since 1962.

We are therefore unable to express an opinion as to the fairness of the financial condition of the Water Department as expressed in the above exhibit.

TREASURER

GENERAL FUND:

SUMMARY STATEMENT OF RECEIPTS AND EXPENDITURES: (Exhibit B-1)

A classified statement of general fund receipts and expenditures for the fiscal year ended December 31, 1970, is included in Exhibit B-1. Proof of the Treasurer's balance (general fund) as of December 31, 1970, is indicated in Exhibit B-2.

CAPITAL PROJECTS FUNDS: (Exhibits B-3, B-4 and B-5)

WATER DEPARTMENT:

GENERAL FUND: (Exhibits B-6 and B-7)

METER FUND: (Exhibit B-8)

WATER CONSTRUCTION FUND NO. 2: (Exhibit B-9)

SEWER FUND: (Exhibit B-10)

Summary statements showing the activity in the Treasurer's accounts covering the Capital Projects Funds, Water Department Funds and Sewer Fund are presented in Exhibits B-3 thru B-9.

INDEBTEDNESS: (Exhibit G)

A statement showing the outstanding long term indebtedness of the Town as of December 31, 1970, and annual debt service requirements is presented in Exhibit G.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of

uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

CURRENT SURPLUS:

The current surplus (excess of total assets over current liabilities) increased by \$79,610.66 in 1970, from \$55,278.91 to \$134,889.57, as shown herewith:

DECEMBER 31, 1969: DECEMBER 31, 1970

TOTAL ASSETS	\$1,924,761.38	\$1,794,705.28
CURRENT		
LIABILITIES	<u>1,869,482.47</u>	<u>1,659,815.71</u>
CURRENT		
SURPLUS	<u>\$55,278.91</u>	<u>\$134,889.57</u>

The factors which contributed to the decrease in current surplus during 1970, were as follows:

INCREASES IN CURRENT SURPLUS:

Net Budget Surplus	\$82,599.42
Decrease in Accounts Payable	<u>7.81</u>
	<u>\$82,607.23</u>

DECREASES IN CURRENT SURPLUS:

NET INCREASE IN CURRENT SURPLUS DURING 1970

\$79,610.66

UNAUTHORIZED EXPENDITURE — \$13,000.00:

As indicated in the general fund comparative statement of appropriations and expenditures (Exhibit A-3), during 1970 an expenditure of \$13,000.00 was made for the purchase of a used back-hoe and loader for the Town highway department. The purchase price, however, was paid from Water Department funds.

The above expenditure was unauthorized inasmuch as there was no appropriation made for this purpose in the 1970 budget. It resulted, therefore, in a violation of the Municipal Budget Law, the provisions of which have been adopted by the Town of Salem.

In addition, the use of water department funds to defray the cost of this equipment was an improper utilization of these resources.

Your attention is directed to Section 10 of the Municipal Budget Law (R.S.A., Chapter 32), which is quoted in part herewith:

"32:10 Exceeding Appropriations. In towns adopting the

provisions of this chapter, no board of selectmen, — shall pay or agree to pay any money or incur any liability involving the expenditure of money for any purpose for which an appropriation has not been made, except for the purpose of paying judgments rendered against the town —."

KEEWAYDEN WATER PROJECT — EXCESS EXPENDITURES — \$19,581.50:

The 1965 Town Meeting authorized an appropriation of \$45,000.00 for this project, and stipulated that the required funds were to be withdrawn from capital reserve funds. During 1970, however, expenditures of \$64,581.50 were incurred for construction of these facilities. This resulted in an over expenditure of \$19,581.50. There was no record of a supplemental appropriations having been voted for this purpose.

To defray the costs of construction, the sum of \$45,000.00 was withdrawn from capital reserve funds during 1970, in accordance with the vote of the Town. The remainder of the costs incurred, \$19,581.50, was assumed by the Water Department; of this amount, \$18,303.06 was actually disbursed in 1970, and the balance, \$1,268.44, will be paid in 1971.

The assumption and payment of expenditures in excess of the total amount appropriated for the above project resulted in another violation of the Municipal Budget Law, inasmuch as there was no appropriation in the 1970 Water Department budget for these additional expenditures.

It should be noted that the provisions of the Municipal Budget Law apply to all Town departments and agencies, including the Water Department. It is required, therefore, that all funds for new construction, whether raised by new or supplemental appropriations, be raised in the annual budget of the Water Department which is recommended by the Budget Committee and submitted to the voters of the Town for final approval.

TREASURER:

It is again recommended that the general fund checking account be reconciled with the Treasurer's cash book balance on a monthly basis. Adjustments resulting from such reconciliations should be recorded promptly on the Treasurer's books as well as on the Town's records.

NOTE, BOND AND COUPON REGISTER:

The provisions of R.S.A. 33:12 require that the Treasurer keep a note, bond and coupon register in such form as prescribed by the State Tax Commission. It is a further requirement that this register be presented for inspection during the course of annual audits.

UNCOLLECTED TAXES:

As of December 31, 1970, there were uncollected taxes on account of the levies of 1967 and prior years as follows:

Levy of 1967 \$4,030.72

Levy of 1966	1,552.10
Levy of 1965	593.03
Levy of 1964	236.80
Levy of 1963	25.66
	<hr/>
	\$6,438.31

The Selectmen should examine the Tax Collector's lists of uncollected taxes relative to the above levies and abate such taxes thereon as appear to be uncollectible.

The inclusion of uncollectible taxes on the annual financial statements of the Town tends to misstate the current financial condition.

DOUBLE ENTRY — ACCRUAL BASIS GENERAL ACCOUNTING SYSTEM AGAIN RECOMMENDED:

In our previous reports (1968, 1969 & 1970), we have indicated that the accounting systems of the Town, excluding Water Department accounts, consists primarily of journals of cash receipts and expenditures, budgetary accounts (revenue and appropriation ledgers), tax warrants and sewer rental warrants. General ledger proprietary accounts are not kept.

In view of the extent and complexity of Town operations and the constant need for up-to-date and reliable financial information concerning the affairs of the Town, we again recommend the adoption of a double-entry basis general accounting system with appropriate general ledger proprietary and nominal accounts. A complete self-balancing group of accounts should be established for each fund, i.e. general fund, non-revenue (bond) fund, sewer fund, etc.

WATER DEPARTMENT:

GENERAL LEDGER:

The general ledger proprietary accounts of the Water Department have not been maintained since the fiscal year 1962. Likewise, plant, property and equipment accounts have not been updated during the intervening period. This matter has been brought to your attention in previous reports.

Because of this situation, we were unable to prepare statements showing the results of operations for 1970 and the financial condition of the Water Department at December 31, 1970.

Consequently, we cannot express an opinion as to the current financial condition of the Water Department at December 31, 1970.

It is again recommended that these accounts be posted to a current date. This is essential for proper accounting and management control over the resources and assets of this department.

DELINQUENT ACCOUNTS RECEIVABLE:

During the course of this audit, the auditors made an

exhaustive review of the accounts receivable records. Uncollected accounts at December 31, 1970, amounted to \$43,610.37. A list of all outstanding accounts was examined by the auditors and compared with individual ledger cards.

This examination again disclosed a high ratio of delinquent accounts. One hundred thirty (130) accounts showing arrears of two or more years were aged. It was found that these accounts owed a total of \$16,942.94. This amount represents approximately thirty nine per cent (39%) of the total amount outstanding at December 31, 1970.

A tabulation showing the arrears owed by year of billing is presented herewith:

YEAR OF BILLING	AMOUNT UNCOLLECTED
1970	\$ 10,107.45
1969	3,227.64
1968	1,334.28
1967	822.60
1966 & Prior	1,450.97
	<hr/>
TOTAL	\$16,942.94

In addition, there were four hundred (400) accounts showing arrears of one to four quarters. This situation has developed because it is the policy of the Department not to pursue collection efforts until the accumulated arrears exceed the amount of twenty-five dollars (\$25.00). This policy was approved in 1970 by the Board of Selectmen.

A review of collection procedures relating to delinquent accounts was made by the auditors. It was found that the policy of "shutting off" services has been applied only in a limited number of cases. The evidence shows that many notices issued to operating personnel by the clerical staff were either ignored or countermanded by higher authority.

The auditors also noted that several delinquent accounts were owed by town officials and employees.

To resolve the recurring problem of delinquency in the accounts, we recommended adoption of a policy requiring full payment by customers within thirty (30) days of billing. Services to all accounts not adhering to this regulation should be discontinued, after due notice in writing. This policy should be enforced on an impartial basis.

DISTRICT COURT:

In accordance with the statutory provisions of R.S.A. 502-a:9, the net receipts of the District Court must be paid to the Town Treasurer on or before the fifth day of each month. This requirement was not complied with in 1970.

CONCLUSION:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and

recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in the audit report is optional, at the discretion of the Board of Selectmen.

We extend our thanks to the officials of the Town of Salem for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Salem for the fiscal year ended December 31, 1970.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the

circumstances.

Because the books of final entry have not been adequately maintained since 1962, we were unable to determine the precise financial condition of the Water Department at December 31, 1970 and the results of operations for 1970. General ledger proprietary accounts as well as plant, property and equipment accounts, have not been posted during the fiscal years 1963 to 1970, inclusively. Consequently, the Water Department statement of assets and liabilities (Exhibit A-6) included in this report does not reflect the book value of the department's fixed assets.

In our opinion, except as noted in the previous paragraph, the Exhibits included herewith present fairly the financial condition of the Town of Salem as of December 31, 1970, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Frederick E. Laplante

SALEM

TOWN MEETING WARRANT STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF SALEM, IN THE COUNTY OF ROCKINGHAM AND STATE OF NEW HAMPSHIRE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at your respective polling places as follows:

District 1 — Dr. Soule School

District 2 — Lancaster School

District 3 — Barron School

at 10:00 A.M. on March 7, 1972, to act upon Articles 1 through 12. The polls shall be open from 10:00 A.M. and shall not close before 8:00 P.M. for action on Articles 1 through 12.

You are hereby further notified to meet at the Lancaster School at 9:30 P.M. for action on Articles 13 through 74.

Article 1. To choose all necessary Town Officers for the coming year.

Article 2. To see if the Town will vote to rescind the present Zoning Ordinance and Zoning Map and adopt in place thereof the following Zoning Ordinance and Zoning Map.

Article 3. To see if the Town will vote to rezone land, on Millville Street consisting of approximately 11.1 acres, from its classification as residential under the 1961 Zoning Ordinance or its classification as R-25 if Article No. 2 is adopted, to Garden Apartment R-A District.

Article 4. To see if the Town will vote to amend the Fire Prevention Code of 1971 by deleting Section 14:2 in its entirety and inserting in place thereof the following language:

"Section 14.2. Survey of Premises and Specification of Equipment.

The Chief of the Bureau of Fire Prevention shall survey each assembly, educational, industrial, institutional, mercantile, storage, and residential occupancy, except single family dwelling, and shall specify suitable fire extinguishing appliances, fire alarm systems and fire detecting devices as may be necessary to provide reasonable safety to persons and property.

Additionally, subdividers shall install suitable fire alarm street boxes as may be required by the Chief of the Bureau of Fire Prevention."

Article 5. To see if the Town will vote to rescind the 1961 Building Code with all amendments thereto and to adopt in its stead the proposed Building Code.

Article 6. To see if the voters of the Town of Salem will adopt as a Plumbing Code for the Town of Salem the National Plumbing Code illustrated, being particularly the 1968 Edition thereof, published by Manas Publications, and the whole thereof, save and except such portions as are hereinafter deleted, modified or amended, of which three copies have been and are now filed in the office of the Town Clerk, three copies in the office of the Selectmen and three copies in the office of the Building Inspector and the same are hereby adopted and incorporated as fully as if set out at length herein, and from the date on which this Ordinance shall take effect, the provisions thereof shall be controlling in the installation and alteration of all plumbing within the Town of Salem.

Article 7. To see if the Town will vote to rezone the so called Laliberte land, consisting of approximately 30 acres, part of which is zoned "Residential District" and a part of which is zoned "Rural-A" under the 1961 Zoning Ordinance, or its classification as R-25 if Article 2 is adopted to a "Garden Apartment R-A District."

Article 8. To see if the Town will vote to rezone land known as Najuck property situated westerly of Geremonty Drive, consisting of approximately 50 acres, which is zoned "Residential District" under the 1961 Zoning Ordinance, or its classification as R-25 if Article 2 is adopted, to a "Garden Apartment R-A District."

Article 9. To see if the Town will adopt the provisions of RSA: 39:2(a), whereby the Town would hold two sessions for the Annual Town Meeting, the first session for choice of Town Officers elected by official

ballot and other action required to be inserted on said official ballot and the second session on a date set by the Selectmen for transaction of other business.

Article 10. To see if the Town will vote to approve the holding of racing meets on Sundays in the Town of Salem.

Article 11. To see if the Town will vote to approve the Sunday Sales Ordinance as adopted by the Board of Selectmen and set forth below.

To amend the Ordinance relating to Observance of the Lord's Day by repealing the ordinance in its entirety and replacing it as hereinafter recited:

SECTION 1. INTENT AND PURPOSE

It is the intent of this Ordinance to exercise the option granted to the Town of Salem by Chapter 578, Section 5, of the R.S.A. of New Hampshire, as amended, and to hereby assume the regulation of the categories of retail business, plays, games, sports, and exhibitions on Sunday.

SECTION 2. RETAIL BUSINESS

In addition to those items permitted to be sold by R.S.A. Chapter 578, as amended, it shall be lawful:

A. To serve meals and to furnish supplies, service, and repairs required by automotive apparatus at any time on Sunday.

B. To sell fruit, confectionary, ice cream, soft drinks, foods fully prepared for consumption and in perishable form, tobacco in its various forms, flowers, newspapers, periodicals and toilet necessities after 7:00 A.M. on Sunday.

C. To conduct such other retail business as is not otherwise herein defined after 12:00 Noon on Sunday.

SECTION 3. RECREATION AND ENTERTAINMENT

It shall be lawful on Sunday to engage in play, games, sports and exhibitions of physical skill provided that it shall not be lawful at any time on Sunday to permit or engage in prize fights or after 1:00 A.M. on Sunday, public dancing. It shall be lawful on Sunday to conduct motion pictures, lectures, concerts, special events which

are required to be licensed, and theatrical performances provided such activity shall not commence before two o'clock in the afternoon.

SECTION 4. EMPLOYMENT

Any business engaged in retail sales, recreational or entertainment activities under this ordinance are encouraged to make such work by employees on a voluntary basis and not a requirement as a condition of his or her continued employment.

SECTION 5. PERMIT

A permit is to be issued by the Board of Selectmen for the purpose of keeping a record of places of business operating in Salem on Sunday. An annual charge will be established for this permit; no business may operate without a permit. The permit may be revoked by the Board of Selectmen for a period not to exceed twelve months.

SECTION 6. PENALTY

Any person violating any of the provisions of this Ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be liable to a penalty of not more than Fifty Dollars (\$50.00). Article 21. By request of Joseph Bezuka and others: To see if the Town will approve the following Code of Ethics for all Town Officials and Town Employees

1. DECLARATION OF POLICY

The proper operation of democratic government requires that public officials and employees be independent, impartial and responsible to the people; that government decisions and policy be made in the proper channels of the governmental structure; that public office not be used for personal gain; and that the public have confidence in the integrity of its government. In recognition of these goals there is hereby established a Code of Ethics for all officials and employees of the Town whether elected or appointed, paid or unpaid.

The purpose of this Code is to establish ethical standards of conduct for all such officials and employees by setting forth those acts or actions that are incompatible with the best interests of the Town and by directing disclosure by such officials and employees of private financial or other interests in matters affecting the Town. The provisions and purpose of this Code and such rules and regulations as may be established are hereby declared to be in the best interests of the Town of Salem.

II. RESPONSIBILITIES OF PUBLIC OFFICE

Public officials and employees are agents of public purpose and hold office for the benefit of the public. They are bound to uphold the Constitution of the State of New Hampshire and to carry out impartially the laws of the nation, state and town and thus to foster respect for all government. They are bound to observe in their official acts the highest standards of morality and to discharge faithfully the duties of their office regardless of personal considerations, recognizing that the public interest must be their primary concern. Their conduct in both their official and private affairs should be above reproach.

AVOIDANCE OF IMPRESSION OF CORRUPTIBILITY

Public officials and employees, whether appointed or elected, full-time or part-time, paid or unpaid should conduct their official duties with integrity, impartiality, and in the public interest. They also should conduct both their official and private affairs so as not to give a reasonable basis for the impression that any such official or employee can be improperly influenced in the performance of his official duties. Such official or employee should so conduct himself as to maintain public confidence in his performance of this public trust. He should not be a source of embarrassment to his unit of the town government or to the Board of Selectmen and should avoid even the appearance of conflict between his public duties and private interests.

III. DEDICATED SERVICE

All officials and employees of the Town should be loyal to the political objectives expressed by the electorate and the programs developed to attain those objectives. Appointive officials and employees should adhere to the rules of work and performance established as the standard

for their positions by the appropriate authority.

Officials and employees should not exceed their authority or breach the law or ask others to do so, and they should work in full cooperation with other public officials and employees unless prohibited from so doing by law or by officially recognized confidentiality of their work.

IV. FAIR AND EQUAL TREATMENT

(a) Interest in Appointments

Canvassing of members of the Board of Selectmen, directly or indirectly, in order to obtain preferential consideration in connection with any appointment to the town service shall disqualify the candidate for appointment except with reference to positions filled by appointment by the Board of Selectmen.

(b) Use of Public Property

No official or employee shall request or permit the use of town-owned vehicles, equipment, materials, or property for personal convenience or profit, except when such services are available to the public generally or are provided as town policy for the use of such official or employee in conduct of official business.

(c) Obligations to Citizens

No official or employee shall grant any special consideration, treatment, or advantage to any citizen beyond that which is available to every other citizen.

(d) Expert Communications

No official or employee should encourage, make, or accept any expert or other unilateral application or communication that excludes the interests of other parties in a matter under consideration when such application or communication is designed to influence official decision or conduct of the official himself or other officials, employees, or agencies in order to obtain favored treatment or special consideration to advance the personal or private gain of himself or others. The purpose of this provision is to guarantee that all interested parties in any matter have equal opportunity to express and represent their interests.

(e) Discrimination in Appointments

No person shall be appointed to, or removed from, or in any way favored or discriminated against with respect to any appointive office or position of employment because of his race, religion, national origin, or political affiliations or opinions, if otherwise qualified for the position or office. However, this provision does not impair administrative discretion in determining the requirements of a position or in job assignment of a person holding such position.

V. CONFLICT OF INTEREST

No selectman or any other official or employee, whether paid or unpaid shall engage in any business or transaction or shall have a financial or other personal interest, direct or indirect which is incompatible with the proper discharge of his official duties in public interest or would tend to impair his independence of judgement or action in

the performance of his official duties. Person as distinguished from financial interest includes an interest arising from blood or marriage relationships or close business or political association.

(a) Incompatible Employment

No selectman or other official or employee shall engage in or accept private employment or render services for private interests when such employment or service is incompatible with the proper discharge of his official duties or would tend to impair his independence of judgement or action in the performance of his duties.

(b) Disclosure of Confidential Information

No Selectman or other official or other employee shall, without proper legal authorization, disclose confidential information concerning the property, government, or affairs of the Town. Nor shall he use such information to advance the financial or other private interest of himself or others.

(c) Gift and Favors

No Selectman or other official or employee shall accept any gift, whether in the form of service, loan, thing, or promise from any person, firm, or corporation, to which his knowledge is interested directly or indirectly in any manner whatsoever in business dealings with the Town; nor shall any official or employee (1) accept any gift, favor, or thing of value that may tend to influence him in the discharge of his duties, or (2) grant in the discharge of his duties any improper favor, service, or thing of value.

(d) Representing Private Interests before Town Agencies or Courts

No Selectman or other official or employee whose salary is paid in whole or in part by the Town shall appear in behalf of private interests before any agency of the Town. He shall not represent private interests in any action or proceeding against the interests of the Town in any litigation to which the Town is a party.

(e) Contracts with the Town

Any Selectman or other official or employee who has a substantial or controlling financial interest in any business, entity, transaction, or contract with the Town, or in the sale of real estate, materials, supplies, or services to the Town, shall make known to the proper authority such interest in any matter on which he may be called to act in his official capacity. He shall refrain from voting upon or otherwise participating in the transaction or the making of such contract or sale.

A Selectman or other official or employee shall not be deemed interested in any contract or purchase or sale of land, or other thing of value unless such contract or sale is approved, awarded, entered into, or authorized by him in his official capacity.

(f) Disclosure of Interest in any Bylaw, Ordinance or Policy made by the Board.

A Selectman who has a financial or other private interest in any Bylaw, Ordinance or Policy decision made by the Board, shall disclose on the records of the Board of Selectmen or other appropriate authority the nature and extent of such interest. This provision shall not apply if the Selectman disqualifies himself from voting.

Any other official or employee who has a financial or other private interest and who participates in discussion with or gives an official opinion to the Board of Selectmen, or to any of its subsidiary board or agency, or other appropriate authority the nature and extent of such interest.

VI. POLITICAL ACTIVITY

No appointive official or employee in the administrative service shall use the prestige of his position in behalf of any political party.

No appointive official or employee in the administrative service shall orally, by letter, or otherwise, solicit or be in any manner concerned in soliciting any assessment,

subscription, or contribution to any political party; nor shall he be a party to such solicitation by others. Such appointed officials and employees shall not take an active part in political campaigns for candidates.

No official or employee, whether elected or appointed shall promise an appointment to any town position as a reward for any political activity.

GIVING TESTIMONY

It is the duty of town employees to answer questions that may reflect upon their fitness for town office or employment. If any town official or employee, after lawful notice or due process, is called upon or requested to give testimony or to produce evidence upon matters relating to his office or position in connection with any inquiry conducted by the Board of Selectman, grand jury, legislative committee, or any officer, board or body authorized to conduct any such hearing or inquiry, and if such official or employee (1) refuses to testify on any ground whatsoever, or (2) refuses to waive immunity from prosecution on account of any matter in relation to which he may be asked to testify upon any such hearing or inquiry, his term or tenure of office or employment should terminate, and he should resign immediately upon request of the appropriate authority or forfeit his position at the suit of the Town.

Such official or employee should also disqualify himself from holding any town office or position for a period of four years after such refusal, except if a court or competent jurisdiction should decree otherwise. Nothing in this article shall be construed to impair a constitutional or Civil right.

VII. APPLICABILITY OF CODE

When a Selectman or other official or employee has doubt as to the applicability of a provision of this Code to a particular situation, he should apply to the authority on ethical conduct constituted for the implementation of this Code for an advisory opinion and be guided by that opinion when given. The Selectman or other official or employee shall have the opportunity to present his interpretation of the facts at issue and of the applicable provision (a) of the Code before such advisory decision is made. This Code shall be operative in all instances covered by its provisions except when superseded by an applicable statutory provision is discretionary, but determined to be more appropriate or desirable.

VIII. SANCTIONS

Violation of any provisions of this Code should raise conscientious questions for the Selectmen or other official or employee concerned as to whether voluntary resignation or other action is indicated to promote the best interest of the Town. Violation may constitute a cause for suspension, removal from office or employment, or other disciplinary action.

By the adoption of this Code of Ethics the possibilities of differences of opinion in the applicability of this code may arise. Based on this, the Board of Selectmen of Salem will create a Board to be known as the Ethical Standards Advisory Board.

The membership of this Ethical Standards Advisory Board shall consist of Five (5) members as designated below:

1. Chairman of the Board of Selectmen

2. Chairman of the School Board

3. Three (3) members to be appointed by the Board of Selectmen. The initial appointments shall be made for terms as follows:
